

INTERMEDIATE ALGEBRA MATH RUBRIC

- +1EC **Above standard:** Circled correct answer that has neat, complete, and well-organized work, graph/diagram/table, or reasonable explanation of how the answer was found near the circled answer and question, *with more than one method or explanation to show thinking*.
- 5 *Circled correct* and labeled answer that has neat, *complete, and well-organized work*, graph/diagram/table, or reasonable *explanation* of how the answer was found *near* the circled *answer and question*.
- 4 Circled *correct* answer that has *reasonable work*, graph/diagram/table, *or* reasonable *explanation* of how the answer was found *near the answer and question*, but which is *not complete*, making it hard to follow the thinking behind the answer.
- 3 *Correct or partially correct* answer, but has a *reasonable work or explanation* of how the answer was found, but is *unorganized*, or is *difficult to* read and *follow* the *thinking* behind the answer.
- 2 *Incorrect answer*, but used a *reasonable method*, graph/diagram/table, explanation with major *mistakes*.
- 1 *Correct* answer, but with a *poor* explanation *or* poorly chosen method
OR
Correct answer, but with *no* method or *thinking shown*
- 0 Attempted with a poorly chosen method and has the *wrong* answer
OR
Blank or *no real attempt*
